RE: DataX Investigation Request xxx-xx-██████

Dear Steven:

This response is for the request for an investigation received by DataX on May 24, 2018.

At DataX we take data security very seriously. An investigation request requires that DataX verify the identity of a consumer prior to completing the request or providing information. Acceptable forms of identification are: a valid Driver's license, Passport, or State ID. In addition to proper identification, please provide your full social security number.

If you feel you may be a victim of identity theft and there are any discrepancies, please provide a copy of a police report or ID theft affidavit for us to begin the investigation process. You may also request to have a credit freeze placed on your DataX Credit Report by completing the attached Fraud Alert Freeze Form.

To address your additional questions as far as Rock Hill Consulting.

- Rock Hill Consulting is lending company.
- Why they pulled your consumer report, would be a question you would need to address with the lender. As a service provider we only provide information to lenders that inquire on consumers. We do not have insight into each lenders application process.

Please provide this information by fax at 702-853-6969, or you can mail a copy to:
